The Glenmore IV

The Glenmore IV exemplifies stately, traditional architecture. It's two-story foyer leads into a two-story family room with a corner fireplace. The dining and living rooms create an open feeling at the front of the home. Entry from the garage side guides one into a mud room that handles the excess shoes and coats. The stylish kitchen includes an oversized island, gourmet layout, walk-in pantry, two corner windows, and a window at the sink. The first floor owners' suite provides "his and hers" walk-in closets, a large tub and neo-angled corner shower. The perfect entertainment package.

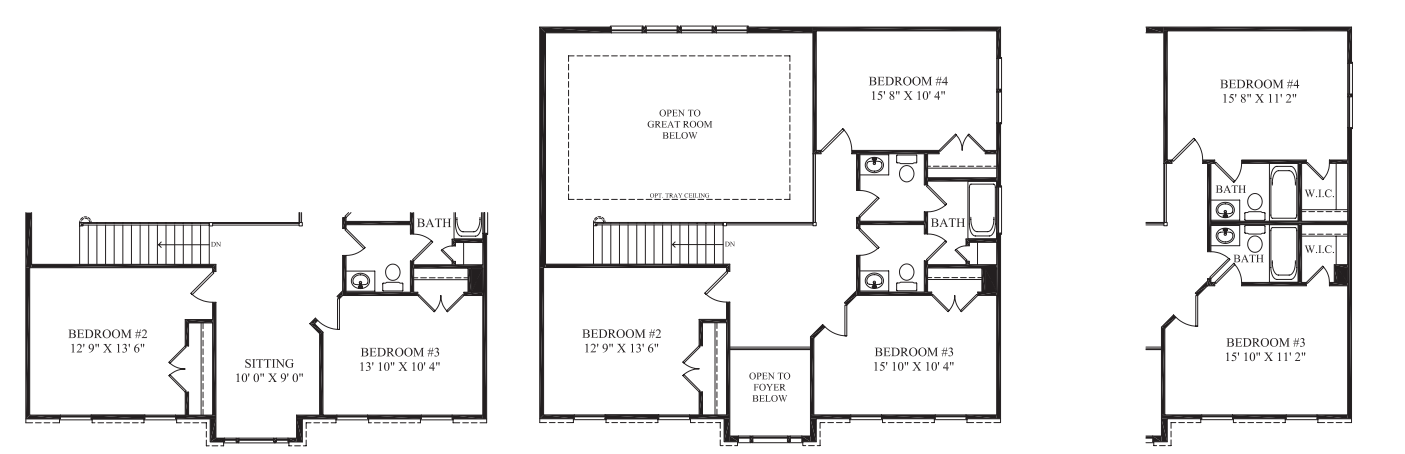

The renderings depicted in this brochure represent artist concepts. Please see your sales representative for specific details regarding the elevations, plans, pricing, dimensions, specifications, or products offered in the community.
